Data sources:

Annual Water Quality Reports (AWQR)

US Census (2020) reported by each county:

[Dutchess](#)

[Ulster](#)

NOTES:

- Some data sources are inconsistent (for instance Town of Poughkeepsie Census data vs AWQR reports).
- Some data is extrapolated from available sources. For instance, the number of Town of Rhinebeck residents served is based on the village's Census population subtracted from the total population served as reported in the AWQR.
- Some data is based on personal communication. For instance, Lloyd's population served is not reported in its AWQR.
