

Hudson River Drinking Water Intermunicipal Council (HRDWIC)

Thursday, June 28, 2018

5:00pm

Poughkeepsies' Water Treatment Facility

1. Introductions and Overview

2. HRDWIC Leadership Discussion

In the attached draft policy language modeled after the Moodna Creek Watershed Intermunicipal Council, it calls for a Chairperson, Vice Chairperson and Secretary.

3. Council Coordination

A group discussion on future HRDWIC coordination.

4. Council Policy Discussion

The attached draft language was adapted from the Moodna Creek Watershed Intermunicipal Council (2013)

5. Infrastructure Report and Grant Opportunities

The Infrastructure Report is the result of the Hudson River Communities Drinking Water/Wastewater Survey from last year. Grant opportunities provided for the Hudson 7 are based on several short/long term goals from the Scorecard report that include: first steps on a new Source Water Assessment and coordination, the hiring of a HRDWIC Coordinator, Land Use Training for Source Water Protection and Hudson 7 Water Infrastructure Priority Improvements.

6. Set Meeting Dates / Times in 2018

7. Next Steps
